

The Sea Turtles in Danger

by SK2

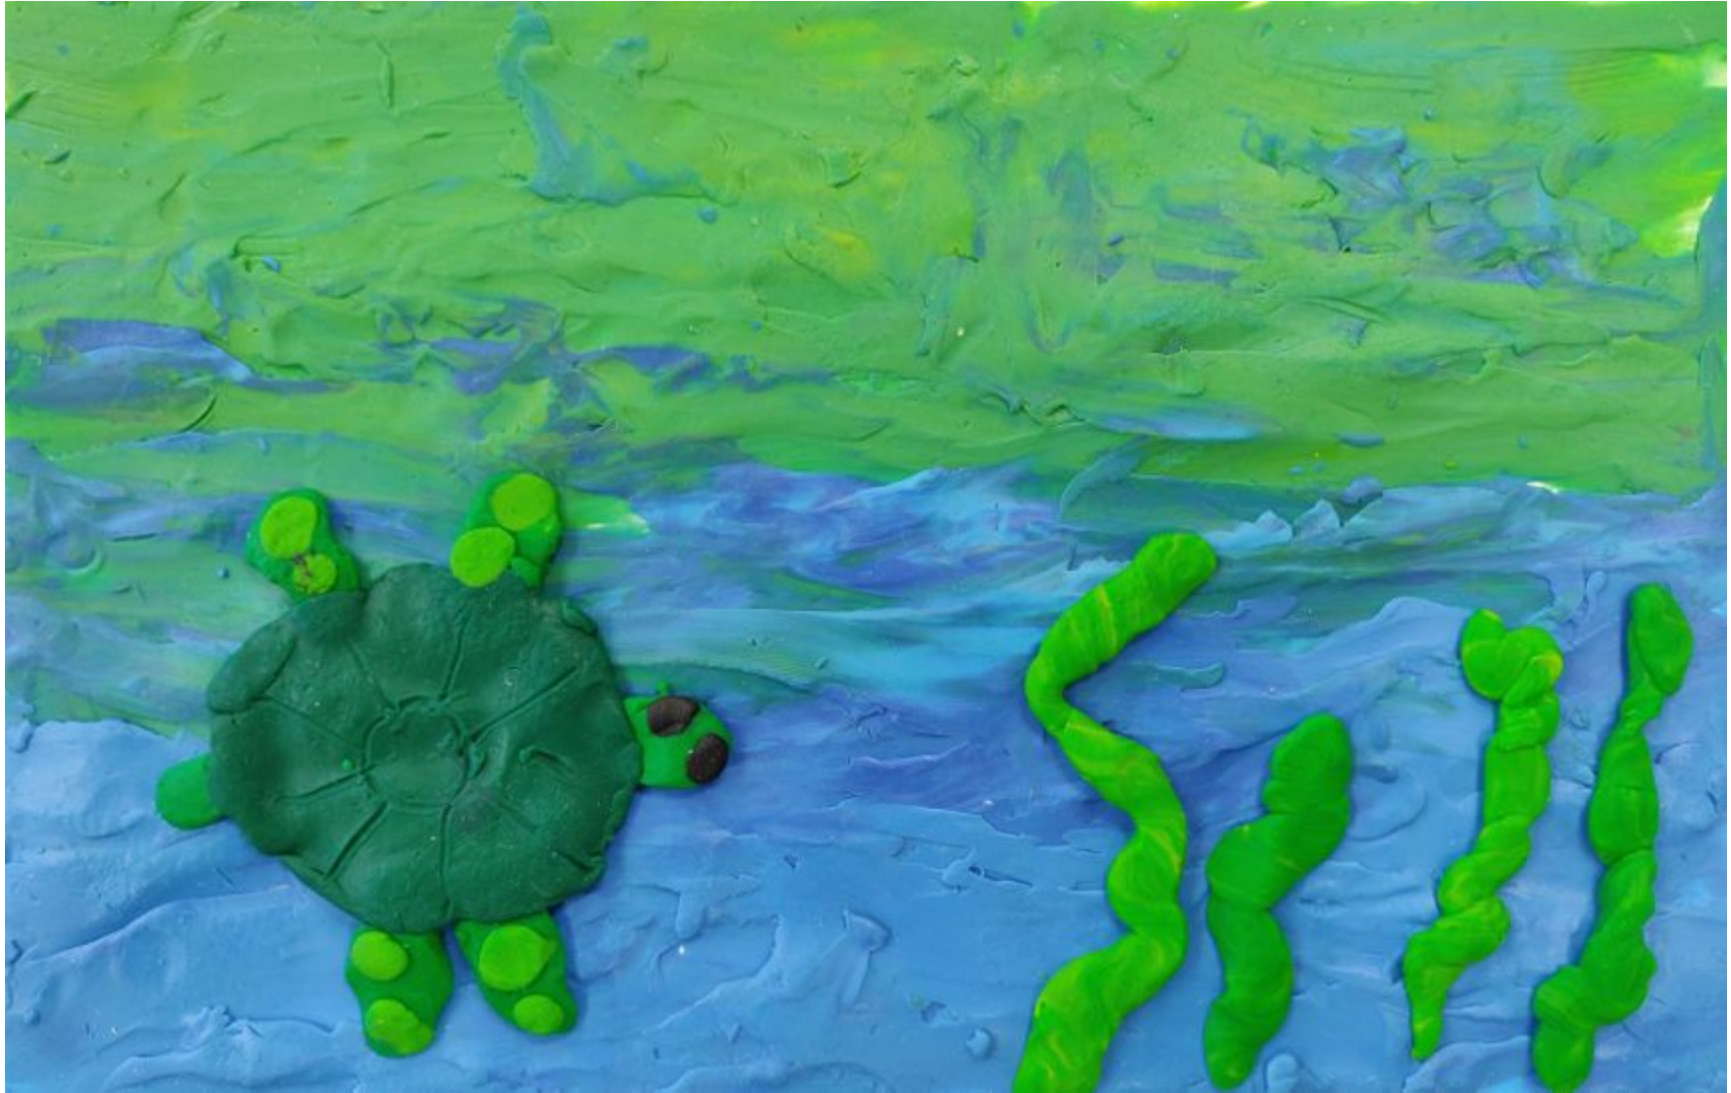

"A long time ago, there was a sea turtle that had a beautiful green shell. Her name was Yunnie."

"She lived in a bluish-green sea."

"One day, Yunnie went to find food."

"She met her friend, Aryanna."

"Both of them went to find some
tasty sea grass and algae."

"They found some green algae
on a big gray rock."

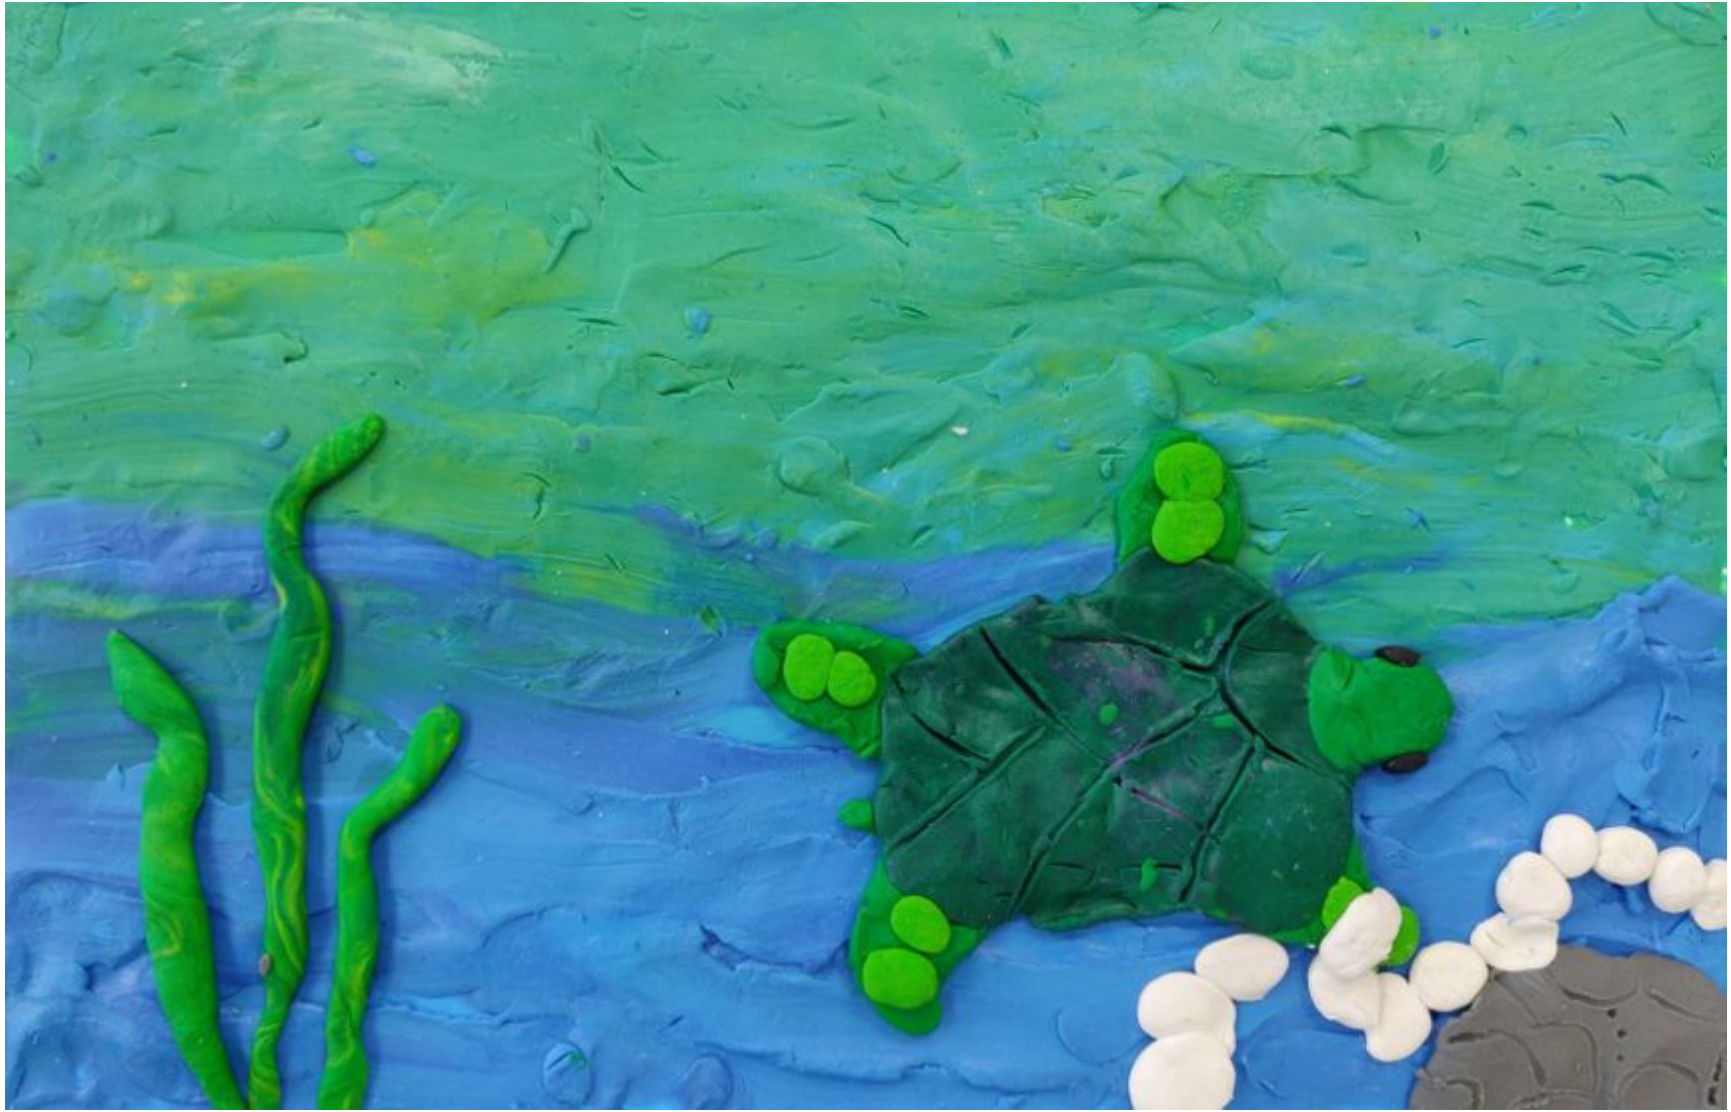

"They saw something silver and sparkling."

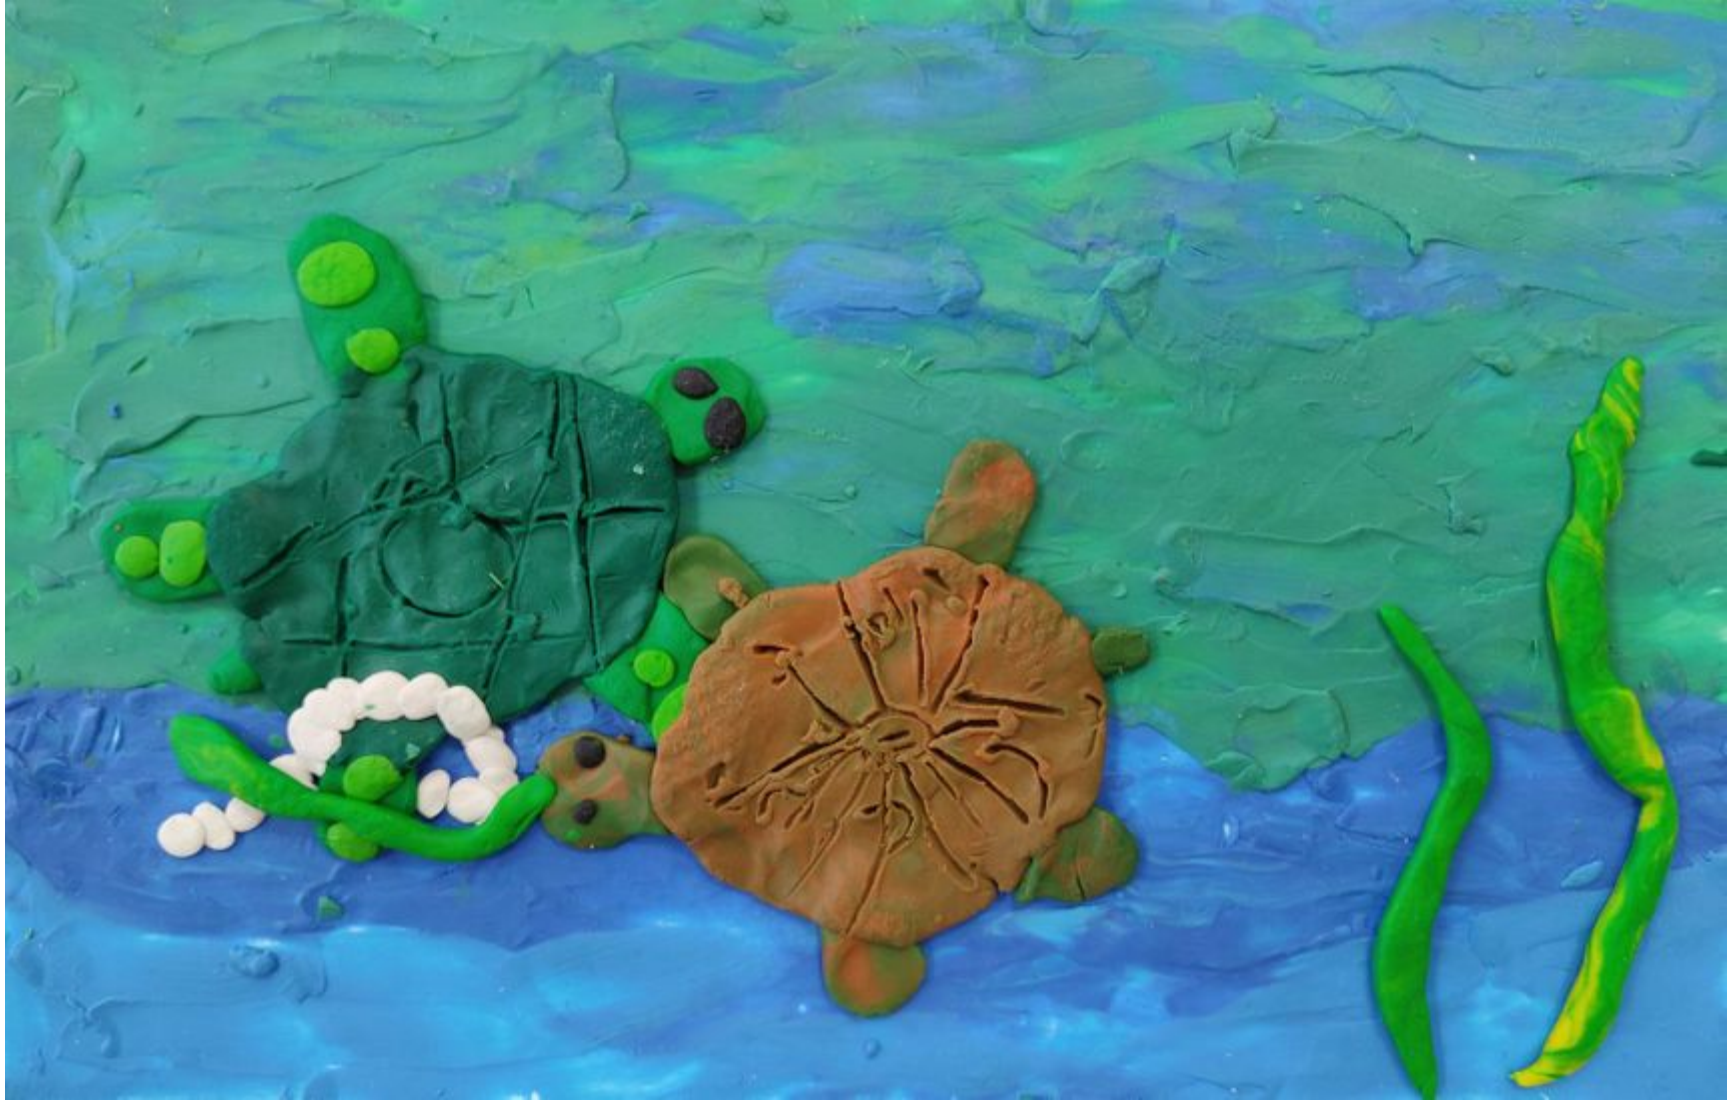

"Yunnie swam to see what it was."

"It was a chain. Then, she got stuck in the chain."

"Aryanna had an idea. She found some seaweed and wrapped it around the chain with her beak."

"She pulled and she pulled! She tugged and she tugged!"

"Finally, the chain broke and she got Yunnie unstuck."

"Together, they swam back into the shining bluish-green sea."

The End.
